

**University of North Carolina at Greensboro**  
**Minor Participating in Research Laboratory: Initial Laboratory Safety Plan**  
**Training Form**

*This training is required before the identified minor may begin work in a laboratory on the UNCG campus. Information to be provided in this training includes at a minimum, coverage of the contents of the faculty/Principal Investigator's laboratory safety plan and/or the UNCG Chemical Hygiene policy along with specific examples of safe work practices the minor should perform while conducting any required work in the laboratory (i.e. correct handling procedures and personal protective equipment requirements). This training should be provided by the person identified as the "Faculty or Staff with direct supervision" of this minor. This form should be used to document this training has taken place.*

**Description of Training Provided (Please check box)**

Laboratory Safety Plan or Chemical Hygiene Policy Contents

Laboratory Specific Safe Work Practices

**Date of Training:** \_\_\_\_\_

**Signature of person performing training:** \_\_\_\_\_

**Signature of minor:** \_\_\_\_\_

**Signature of Parent/Legal Guardian:** \_\_\_\_\_

*\* This form should be filed in the PI's Laboratory Safety Plan or PI's files.*
